
FIRE BOWL MEETS GRILL - OUTDOORCHEF COMBINES THE BEST OF BOTH WORLDS WITH BRAND NEW FIRE PIT

Campfire romance meets BBQ comfort: With the new FIRE PIT, Outdoorchef is launching the next must-have for unforgettable outdoor moments. The Swiss BBQ experts combine a stylish designer fireplace and barbecue that transforms any garden or patio into a feel-good zone. Made entirely of stainless steel, the FIRE PIT ensures relaxed evenings by the fire as well as spontaneous barbecue moments with family or friends.

The best of both worlds - coziness meets EASY BBQ

The FIRE PIT is not only an innovative combi appliance, but also a real statement for style-conscious outdoor enthusiasts. Thanks to the height-adjustable stainless steel fire tray, it serves as a fireplace that creates a unique atmosphere with crackling flames or can be transformed into a barbecue in just a few simple steps, making it ideal for spontaneous BBQ sessions. The stainless steel grill grate supplied is simply placed on top and the BBQ fun can begin. The transition from campfire to grill function takes place in a matter of seconds. Like all Outdoorchef products, the FIRE PIT has been designed for a long service life. It is made entirely of stainless steel, which makes it particularly resistant to weathering. Rust or material fatigue do not stand a chance here.

Sophisticated design for any outdoor area

Despite its sturdy construction, the FIRE PIT is compact enough for smaller gardens and stone-look or concrete patios. The FIRE PIT is suitable for a wide range of users: from nature-loving garden enthusiasts to design lovers who appreciate function and aesthetics. Particularly practical: the grill grate can be easily removed after use and put into the dishwasher for cleaning - even if manual

cleaning is recommended to protect the material.

Flexibility with fuel

Real campfire fans and BBQ purists alike will get their money's worth: the FIRE PIT is suitable for firewood and charcoal. So you can decide according to your mood whether the evening ends in a cosy get-together by the fire or turns into a delicious barbecue experience.

The FIRE PIT brings fire into play - stylish and clever

With the FIRE PIT, Outdoorchef is adding another highlight to its range for all those who love outdoor life. Two functions, one design, zero compromises - the FIRE PIT is not only practical, but also a real eye-catcher for any outdoor set-up.

FIRE PIT price from €/CHF 799 (RRP)

ABOUT OUTDOORCHEF

SWISS TECHNOLOGY FOR THE PERFECT BARBECUE EXPERIENCE - FOR THE WHOLE FAMILY, WHETHER YOU'RE AN EXPERT OR A BBQ BEGINNER!

Outdoorchef has been a pioneer in the field of barbecue technology for more than 30 years. The company has made a name for itself with its ingenious, patented gas kettle barbecue system, which prevents grease fires and enables both direct and indirect grilling. The result? A fantastically even and reliable barbecue result that is second to none - and not just for experienced barbecue masters, but also for beginners in the world of barbecuing. But that's not all! The innovative system also impresses across the board when it comes to cleanliness. Hardly any barbecue on the market is easier to clean. Thanks to Outdoorchef's Swiss technology, barbecue fans can concentrate fully on enjoying their barbecue without having to worry about tedious cleaning work. With its products, Outdoorchef offers the perfect combination of innovation, quality and user-friendliness and provides unforgettable barbecue moments - true to the motto: for the whole family, from barbecue beginners to experts!
